The game is controlled by referees, table officials and a commissioner, if present.

1.2. Basket: opponents'/own

The basket that is attacked by a team is the opponents' basket and the basket which is defended by a team is its own basket.

1.3. Winner of a game

The team that has scored the greater number of game points at the end of playing time shall be the winner.

RULE TWO – PLAYING COURT AND EQUIPMENT

Art. 2. Playing Court

2.1. Playing Court

The playing court shall have a flat, hard surface free from obstructions (Diagram 1) with dimensions of 28 m in length by 15 m in width measured from the inner edge of the boundary line.

2.2. Backcourt

A team's backcourt consists of its team's own basket, the inbounds part of the backboard and that part of the playing court limited by the endline behind its own basket, the sidelines and the centre line.

2.3. Frontcourt

A team's frontcourt consists of the opponents' basket, the inbounds part of the backboard and that part of the playing court limited by the endline behind the opponents' basket, the sidelines and the inner edge of the centre line nearest to the opponents' basket.

2.4. Lines

All lines shall be of the same colour and drawn in white or other contrasting colour, 5 cm in width and clearly visible.

2.4.1. Boundary line

The playing court shall be limited by the boundary line, consisting of the endlines and the sidelines. These lines are not part of the playing court.

Any obstruction including seated **head coach, first assistant coach**, substitutes, excluded players and accompanying delegation members shall be at least 2 m from the playing court.

2.4.2. Centre line, centre circle and free-throw semi-circles

The centre line shall be marked parallel to the endlines from the mid-point of the sidelines. It shall extend 0.15 m beyond each sideline. The centre line is part of the backcourt.

The centre circle shall be marked in the centre of the playing court and have a radius of 1.80 m measured to the outer edge of the circumference.

The free-throw semi-circles shall be marked on the playing court with a radius of 1.80 m measured to the outer edge of the circumference and with their centres at the mid-point of the free-throw lines (Diagram 2).

2.4.3. Free-throw lines, restricted areas and free-throw rebound places

The free-throw line shall be drawn parallel to each endline. It shall have its furthest edge 5.80 m from the inner edge of the endline and shall be 3.60 m long. Its mid-point shall lie on the imaginary line joining the mid-point of the 2 endlines.

The restricted areas shall be the rectangular areas marked on the playing court limited by the endlines, the extended free-throw lines and the lines which originate at the endlines, their outer edges being 2.45 m from the mid-point of the endlines and terminating at the outer edge of the extended free-throw lines. These lines, excluding the endlines, are part of the restricted area.

Free-throw rebound places along the restricted areas, reserved for players during free throws, shall be marked as in Diagram 2.

2.4.4. 3-point field goal area

For a more detailed description of wheelchair basketball equipment, see the Appendix on wheelchair basketball Equipment.

3.1. Wheelchairs

3.1.1. Particular attention must be paid to the wheelchair, as it is considered to be part of the player. Contravention of the following rules will result in the wheelchair being banned from the game.

3.1.2. A protective horizontal bar at the front/side of the wheelchair must be 11 cm from the floor at its most forward point and throughout its whole length. Such a bar may be straight, **angled** or curved between the two front castors. Where the **angle** is made up of two or more straight bars joined, the **external angle** of the joined bars should not be more than 200° degrees. Wheelchairs with the footplate positioned behind a single front castor must have a protective horizontal bar extending to the rear wheels in advance of the castor.

The measurement is taken when the front castor(s) is in the forward driving position.

Where a protective horizontal bar is not present the footrest must be 11 cm from the floor at its most forward point and throughout its whole length. Where a protective horizontal bar is present the footrest behind the bar can be any height as long as it does not touch the floor.

3.1.3. The underside of the footrests must be designed to prevent damage to the playing surface. A roller bar fitted to the underside of the wheel rests for floor protection and a small anti-tip castor(s) attached to the back of the wheelchair for safety purposes is permitted.

3.1.4. 1 or 2 anti-tip devices utilizing no more than a total of 2 small castors attached to either the frame or the rear axle and located at the rear of the wheelchair, castors that frequently or even continuously come into contact with the floor, can be added to the wheelchair. The width between castors must be limited to the distance between the inside of the 2 big wheels. When the player is sitting in the wheelchair and it is in the forward driving position, the maximum permissible distance between the bottom of the castor(s) and the playing surface is 2 cm. The anti-tip castor(s) must not protrude beyond the vertical plane that touches the rearmost points of the driving wheels. This alignment should be judged with the wheelchair in its forward driving position.

Note: Within the scope of this paragraph, an anti-tip castor(s) is not a wheel.

3.1.5. The maximum height from the floor to the top of the cushion, when a cushion is used, or the top of the seat platform, when a cushion is not used must not exceed

- 63 cm for players 1.0 – 3.0
- 58 cm for players 3.5 – 4.5

Measurements must be taken with the front castor(s) in the forward driving position and the player must be out of the chair.

3.1.6. The wheelchair shall have either 3 or 4 wheels – i.e. 2 large wheels at the back and 1 or 2 small wheels at the front of the chair. The large wheels, including the tyres, may have a maximum diameter of 69 cm.

Wheel hubs must be of round outer construction with no sharp points, edges or protrusions.

In the case of the 3-wheel wheelchair, the small wheel (or castor) must be located at the centre and inside of the horizontal bar at the front of the wheelchair. A second small wheel (or castor) may be added to the single small wheel at the front of the wheelchair. Lighting that reflects or flashes, is not permitted on the wheels, the chair or the castors.

3.1.7. There must be 1 handrim on each wheel.

3.1.8. No steering devices, brakes or gears are allowed on the wheelchair.

3.1.9. Any tyre or castor(s) that marks the floor is not permitted. Exceptions may be made where it can be demonstrated that the marks can be easily removed.

3.1.10. Arm rests and other upper body supports that are attached to the wheelchair should not project beyond the line of the player's legs or trunk in the natural sitting position.

- 3.1.11. The padding of the horizontal bar located at the back of the backrest of the wheelchair must be of a minimum thickness of 1.5 cm (15mm). It must be sufficiently flexible to allow a maximum indentation of a third of its original thickness and may have a minimum indentation factor of fifty percent (50%). This means that when a force is applied suddenly to the padding, the indentation on the padding cannot exceed 50% of its original thickness. The padding is required to prevent injury to the other players.

Note 1: During a game, it is possible to have a problem with the wheelchair that causes the wheelchair to no longer be functional or become unsafe. The referee will stop the game at an appropriate time to allow the team to complete the repair. **If the repair cannot be completed in 50 seconds or less from the time the game was stopped the player must be substituted.**

Note 2: It is possible that a player may fall out of the wheelchair without a foul occurring. The referee should pay careful attention to the need to protect the player when determining the appropriate time to stop the play.

For 3.5 – 4.5 players

For 1.0 – 3.0 players

In all cases the height is measured from the floor to the highest point on the seat platform including the cushion if one is used.

Diagram 5 – Wheelchair Dimensions

 - The game clock signal sounds for the end of the quarter or overtime.
 - The shot clock signal sounds.

10.4. The ball does not become **dead** and the goal counts if made when:

- The ball is in flight on a shot for a field goal and:
 - A referee blows his whistle.
 - The game clock signal sounds for the end of the quarter or overtime.
 - The shot clock signal sounds.
- The ball is in flight on a free throw and a referee blows his whistle for any rule infraction other than by the free-throw shooter.
- The ball is in the control of a player in the act of shooting for a field goal who finishes his shot with a continuous motion which started before a foul is charged on any opponents' player or on any person permitted to sit on the opponent's team bench.

This provision does not apply, and the goal shall not count if:

- After a referee blows his whistle and an entirely new act of shooting is made.
- During the continuous motion of a player in the act of shooting the game clock signal sounds for the end of the quarter or overtime or the shot clock signal sounds.

Art. 11. Location of a player and a referee

- 11.1. The location of a player is determined by where his wheelchair is touching the floor.
- 11.2. The location of a referee is determined by where he is touching the floor. When the ball touches a referee, it is the same as touching the floor at the referee's location. While he is in the air from a jump, he retains the same status he had when he last touched the floor.

Art. 12. Tap-off and alternating possession

12.1. Tap-off definition

- 12.1.1. A tap-off occurs when a referee tosses the ball between any 2 opponents.
- 12.1.2. A held ball occurs when one or more players from opposing teams have one or both hands firmly on the ball so that neither player can gain control without undue roughness.

12.2. Tap-off procedure

- 12.2.1. Each player involved in the tap-off shall have his wheelchair inside the half of the centre circle nearest to his team's own basket with one wheel close to the centre line.
- 12.2.2. Team-mates may not occupy adjacent positions around the circle if an opponent wishes to occupy one of those positions.
- 12.2.3. The referee shall then toss the ball vertically upwards between the 2 opponents, higher than either of them can reach.
- 12.2.4. The ball must be tapped with the hand(s) of at least one of the players involved in the tap-off after it reaches its highest point.
- 12.2.5. Neither player involved in the tap-off shall leave his position until the ball has been legally tapped.
- 12.2.6. Neither player involved in the tap-off may catch the ball or tap it more than twice until it has touched one of the other players or the floor.
- 12.2.7. If the ball is not tapped by at least one of the player involved in the tap-off, the tap-off shall be repeated.
- 12.2.8. No part of the other players' bodies or wheelchairs may be on or over the circle line (cylinder) before the ball has been tapped.

An infraction of Art. 12.2.1, 12.2.4, 12.2.5, 12.2.6, and 12.2.8 is a violation.

12.3. Tap-off situations

A tap-off situation occurs when:

- A held ball is called.
- The ball goes out-of-bounds and the referees are in doubt or disagree about which of the opponents last touched the ball.
- A double free-throw violation occurs during an unsuccessful last free throw.
- A live ball lodges between the ring and the backboard except:
 - o Between free throws,
 - o After the last free throw followed by a throw-in from the throw-in line in the team's frontcourt.
- The ball becomes dead when neither team has control of the ball nor is entitled to the ball.
- After the cancellation of equal penalties against both teams, if there are no other foul penalties remaining for administration and neither team had control of the ball nor was entitled to the ball before the first foul or violation.
- All quarters other than the first one and all overtimes are to begin.

12.4. Alternating possession definition

12.4.1. Alternating possession is a method of causing the ball to become live with a throw-in rather than a tap-off.

12.4.2. Alternating possession throw-in:

- **Begins** when the ball is at the disposal of the player taking the throw-in.
- **Ends** when:
 - The ball touches or is legally touched by a player on the playing court.
 - The team taking the throw-in commits a violation.
 - A live ball lodges between the ring and the backboard during a throw-in.

12.5. Alternating possession procedure

12.5.1. In all tap-off situations teams shall alternate possession of the ball for a throw-in from place nearest to where the tap-off situation occurs, **except directly behind the backboard.**

12.5.2. The team that does not gain control of the live ball on the playing court after the tap-off shall be entitled to the first alternating possession.

12.5.3. The team entitled to the next alternating possession at the end of any quarter or overtime shall begin the next quarter or overtime with a throw-in from the centre line extended, opposite the scorer's table, unless there are further free throws and a possession penalty to be administered.

12.5.4. The team entitled to the alternating possession throw-in shall be indicated by the alternating possession arrow in the direction of the opponents' basket. The direction of the alternating possession arrow shall be reversed immediately when the alternating possession throw-in ends.

12.5.5. A violation by a team during its alternating possession throw-in causes that team to lose the alternating possession throw-in. The alternating possession arrow shall be reversed immediately, indicating that the opponents of the violating team shall be entitled to the alternating possession throw-in at the next tap-off situation. The game shall then be resumed by awarding the ball to the opponents of the violating team for a throw-in from the place of the original throw-in.

12.5.6. A foul by either team:

- Before the beginning of a quarter other than the first one and an overtime, or
- During the alternating possession throw-in,

does not cause the team entitled to the throw-in to lose that alternating possession.

Art. 13. How the ball is played

13.1. Definition

During the game, the ball is played with the hand(s) only and may be passed, thrown, tapped, rolled or dribbled in any direction, subject to the restrictions of these rules.

13.2. Rule

To **deliberately** push the ball with the wheelchair or block it with any part of the leg or strike it with the fist is a violation.

However, to accidentally come into contact with or touch the ball with the wheelchair or with any part of the leg is not a violation.

An infraction of Art. 13.2 is a violation.

Art. 14. Control of the ball

14.1. Definition

14.1.1. Team control **starts** when a player of that team is in control of a live ball by holding or dribbling it or has a live ball at his disposal.

14.1.2. Team control **continues** when:

- A player of that team is in control of a live ball.
- The ball is being passed between team-mates.

14.1.3. Team control **ends** when:

- An opponent gains control.
- The ball becomes dead.
- The ball has left the player's hand(s) on a shot for a field goal or for a free throw.

14.1.4. It is a violation for a player in control of the ball or attempting to gain control of the ball to:

14.1.4.1. Touch the floor with any part of his body except the hand(s), or

14.1.4.2. Lean either forward or backward in the chair, causing it to tip so that any part of it, other than the tyre(s)/castor(s), touches the floor.

Art. 15. Player in the act of shooting

15.1. Definition

15.1.1. A **shot** for a field goal or a free throw is when the ball is held in a player's hand(s) and is then thrown into the air towards the opponents' basket.

A **tap for a field goal** is when the ball is directed with the hand(s) towards the opponents' basket.

A tap is also considered as a shot for a field goal.

A continuous movement on drives to the basket or other moving shots is an action of a player who catches the ball while he is progressing or upon completion of the dribble and then continues with the shooting motion, usually upwards.

15.1.2. The **act of shooting on a shot:**

- **Begins when the player starts, in the judgement of a referee, to move the ball upwards towards the opponents' basket.**
- **Ends when the ball has left the player's hand(s), or if an entirely new act of shooting is made** and the follow-through of the shot is completed (i.e. the shooter's hand(s) completes its movement in the direction of the floor, the wheelchair or, in the case of an underhand shot, the basket).

15.1.3. **The act of shooting in a continuous movement on drives to the basket or other moving shots:**

- **Begins when the ball has come to rest in the player's hand(s), upon completion of the dribble and the player starts, in the judgment of the referee, the shooting motion preceding the release of the ball for a field goal.**
- May include the player's arm(s) and/or body and/or wheelchair movement in his attempt to shoot for a field goal.
- Ends when the ball has left the player's hand(s), and the follow-through of the shot is completed (i.e. the shooter's hand(s) completes its movement in the direction of the floor, the wheelchair or, in the case of an underhand shot, the basket) or if an entirely new act of shooting is made.

15.1.4. There is no relationship between the number of legal pushes made and the act of shooting.

15.1.5. During **the** act of shooting the player might have his arm(s) held by an opponent, thus preventing him from scoring. In this case it is not essential that the ball leaves the player's hand(s).

15.1.6. When a player is in the act of shooting and after being fouled he passes the ball off, he is no longer considered to have been in the act of shooting.

Art. 16. Goal: When made and its value

16.1. Definition

- 16.1.1. A goal is made when a live ball enters the basket from above and remains within or passes through the basket entirely.
- 16.1.2. The ball is considered to be within the basket when the slightest part of the ball is within the basket and below the level of the ring.

16.2. Rule

- 16.2.1. A goal is credited to the team attacking the opponents' basket into which the ball has entered as follows:
- A goal released from a free throw counts 1 point.
 - A goal released from the 2-point field goal area counts 2 points.
 - A goal released from the 3-point field goal area counts 3 points.

Comment: The 2 large wheels must be within the 3-point field goal area, i.e. the small wheels and castor(s) may be on or in front of the line of the 3-point field goal area.

- 16.2.2. If a player **accidentally** scores a field goal in his team's basket, the goal counts 2 points and shall be recorded as having been scored by the captain of the opponents' team on the playing court.
- 16.2.3. If a player **deliberately** scores a field goal in his team's basket, it is a violation and the goal does not count.
- 16.2.4. If a player causes the entire ball to pass through the basket from below, it is a violation.
- 16.2.5. The game clock must indicate **0.3** (3 tenths of a second) or more for a player to secure possession of the ball on a throw-in or on a rebound after the last free throw in order to attempt a shot for a field goal. If the game clock or the shot clock shows **0.2 or 0.1** the only type of a valid field goal made is by tapping the ball, **provided that the hand(s) of the player are no longer touching the ball when the game clock or the shot clock show 0.0.**

Art. 17. Throw-in

17.1. Definition

17.1.1. A throw-in occurs when the ball is passed into the playing court by the out-of-bounds player taking the throw-in.

17.2. Procedure

17.2.1. A referee must hand or place the ball at the disposal of the player taking the throw-in. He may also toss or bounce pass the ball provided that:

- The referee is no more than 4 m from the player taking the throw-in.
- The player taking the throw-in is at the correct place as designated by the referee.

17.2.2. The player shall take the throw-in from the place nearest to the infraction or where the game was stopped, except directly behind the backboard.

17.2.3. At the beginning of all quarters other than the first one and all overtimes, the throw-in shall be administered at the centre line extended, opposite the scorer's table.

The player taking the throw-in shall have one rear wheel on either side of the centre line extended, opposite the scorer's table, and shall be entitled to pass the ball to a team-mate at any place on the playing court.

17.2.4. When the game clock shows 2:00 minutes or less in the fourth quarter or overtime, following a time-out taken by the team that is entitled to possession of the ball from its backcourt, the coach of that team has the right to decide whether the game shall be resumed with a throw-in from the throw-in line in the team's frontcourt or from the team's backcourt at the place nearest to where the game was stopped.

17.2.5. Following a personal foul committed by a player of the team in control of a live ball, or of the team entitled to the ball, game shall be resumed with a throw-in from the place nearest to the infraction.

17.2.6. Following a technical foul, the game shall be resumed with a throw-in from the place nearest to where the ball was located when the technical foul was called, unless otherwise stated in these rules.

17.2.7. Following an unsportsmanlike or disqualifying foul, the game shall be resumed with a throw-in from the throw-in line at the team's frontcourt, unless otherwise stated in these rules.

17.2.8. Following a fighting, the game shall be resumed as stated in Art. 39.

17.2.9. Whenever the ball enters the basket, but the field goal or the free throw is not valid, the game shall be resumed with a throw-in from the free-throw line extended.

17.2.10. Following a successful field goal or a successful last free throw:

- Any player of the non-scoring team shall take the throw-in from any place behind that team's endline. This is also applicable after a referee hands or places the ball at the disposal of the player taking the throw-in after a time-out or after any interruption of the game following a successful field goal or a successful last free throw.
- The player taking the throw-in may move laterally and/or backwards and the ball may be passed between team-mates behind the endline, but the 5 second count starts when the ball is at the disposal of the first player out-of-bounds.

17.3. Rule

17.3.1. The player taking the throw-in shall not:

- Take more than 5 seconds to release the ball.
- Move into the playing court while having the ball in his hand(s).
- Cause the ball to touch out-of-bounds, after it has been released on the throw-in.
- Touch the ball on the playing court before it has touched another player.
- Cause the ball to enter the basket directly.
- Move from the designated throw-in place behind the boundary line laterally in one or both directions, exceeding a total distance of 1 m before releasing the ball. However, he is permitted to move directly backwards from the line as far as circumstances allow.

17.3.2. During the throw-in, other player(s) shall not:

- Have any part of their bodies or wheelchairs over the boundary line before the ball has been thrown-in across the boundary line.
- Be closer than 1 m to the player taking the throw-in when the throw-in place has less than 2 m distance between the boundary line and any out-of-bounds obstructions.

17.3.3. When the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime, and there is a throw-in, the referee shall use an illegal boundary line crossing signal as a warning while administering the throw-in.

If a defensive player:

- Moves any part of his body over the boundary line to interfere with a throw-in, or
- Is closer than 1 m to the player taking the throw-in when the throw-in place has less than 2 m distance,

it is a violation and shall lead to a technical foul.

- 17.3.4. An offensive player is not allowed to enter the restricted area during an out of bounds situation until the ball is at the disposal of a player for the throw-in. (see Rule 26.1.1).

An infraction of Art. 17.3 is a violation.

17.4. Penalty

The ball is awarded to the opponents for a throw-in from the place of the original throw-in.

Art. 18. Time-out

18.1. Definition

A time-out is an interruption of the game requested by the coach or assistant coach.

18.2. Rule

18.2.1. Each time-out shall last 1 minute.

18.2.2. A time-out may be granted during a time-out opportunity.

18.2.3. A time-out opportunity begins when:

- For both teams, the ball becomes dead, the game clock is stopped and the referee has ended his communication with the scorer's table.
- For both teams, the ball becomes dead following a successful last free throw.
- For the non-scoring team, a field goal is scored.

18.2.4. A time-out opportunity ends when the ball is at the disposal of a player for a throw-in or for a first free throw.

18.2.5. Each team may be granted:

- 2 time-outs during the first half.
- 3 time-outs during the second half with a maximum of 2 of these time-outs when the game clock shows 2:00 minutes or less in the fourth quarter.
- 1 time-out during each overtime.

18.2.6. Unused time-outs may not be carried over to the next half or overtime.

18.2.7. A time-out is charged against the team whose coach first made a request unless the time-out is granted following a field goal scored by the opponents and without an infraction having been called.

18.2.8. A time-out shall not be permitted to the scoring team when the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime and, following a successful field goal unless a referee has interrupted the game.

18.3. Procedure

18.3.1. Only a coach or assistant coach has the right to request a time-out. He shall establish visual contact with the scorer's table or he shall go to the scorer's table and ask clearly for a time-out, making the proper conventional sign with his hands.

18.3.2. A time-out request may be cancelled only before the timer's signal has sounded for such a request.

18.3.3. The time-out period:

- Begins when the referee blows his whistle and gives the time-out signal.
- Ends when the referee blows his whistle and beckons the teams back on the playing court.

18.3.4. As soon as a time-out opportunity begins, the timer shall sound his signal to notify the referees that a team has requested a time-out.

If a field goal is scored against a team which has requested a time-out, the timer shall immediately stop the game clock and sound his signal.

18.3.5. During the time-out and during an interval of play before the beginning of the second and fourth quarter or each overtime the players may leave the playing court and may stay in the time-out team bench area and any person permitted to sit on the team bench may enter the playing court provided they remain within the vicinity of their time-out team bench area.

18.3.6. If the request for the time-out is made by either team after the ball is at the disposal of the free-throw shooter for the first free throw, the time-out shall be granted if:

- The last free throw is successful.
- The last free throw, if not successful, is followed by a throw-in.
- A foul is called between free throws. In this case the free throw(s) shall be completed, and the time-out shall be permitted before the new foul penalty is administered, unless otherwise stated in these rules.
- A foul is called before the ball becomes live after the last free throw. In this case the time-out shall be permitted before the new foul penalty is administered.
- A violation is called before the ball becomes live after the last free throw. In this case the time-out shall be permitted before the throw-in is administered.

In the event of consecutive sets of free throws and/or possession of the ball resulting from more than 1 foul penalty, each set is to be treated separately.

Art. 19. Substitution

19.1. Definition

A substitution is an interruption of the game requested by the substitute to become a player.

19.2. Rule

19.2.1. A team may substitute a player(s) during a substitution opportunity.

19.2.2. A substitution opportunity begins when:

- For both teams, the ball becomes dead, the game clock is stopped and the referee has ended his communication with the scorer's table.
- For both teams, the ball becomes dead following a successful last free throw.
- For the non-scoring team, a field goal is scored when the game clock shows 2:00 minutes or less in the fourth quarter and of in each overtime.

19.2.3. A substitution opportunity ends when the ball is at the disposal of a player for a throw-in or a first free throw.

19.2.4. A player who has become a substitute and a substitute who has become a player cannot respectively re-enter the game or leave the game until the ball becomes dead again, after a clock-running phase of the game, unless:

- The team is reduced to fewer than 5 players on the playing court.
- The player entitled to the free-throws as the result of the correction of an error is on the team bench after having been legally substituted.

19.2.5. A substitution shall not be permitted to the scoring team when the game clock is stopped following a successful field goal when the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime unless a referee has interrupted the game.

19.2.6. If the player receives any treatment or any assistance, he must be substituted unless the team is reduced to fewer than 5 players on the playing court.

19.3. Procedure

19.3.1. Only a substitute has the right to request a substitution. He (not the coach or the assistant coach) shall move to the scorer's table and ask clearly for a substitution making the proper conventional sign with his hands, or stay in the substitution space. He must be ready to play immediately.

19.3.2. A substitution request may be cancelled only before the timer's signal has sounded for such a request.

19.3.3. As soon as a substitution opportunity begins the **timer** shall sound his signal to notify the **referees** that a request for a substitution has been made.

19.3.4. The substitute shall remain outside the boundary line until the **referee** blows his whistle, gives the substitution signal **and beckons him to enter the playing court.**

19.3.5. The player being substituted is permitted to move directly to his team bench without reporting either to the **timer** or the **referee**.

19.3.6. Substitutions shall be completed as quickly as possible. A player who has committed 5 fouls or has been disqualified must be substituted immediately (taking no more than 30 seconds). If, in the judgement of **a referee**, there is an unnecessarily delay of the game, a time-out shall be charged against the offending team. If the team has no time-out remaining a technical foul for delaying the game may be charged against the coach, recorded as 'B'.

19.3.7. If a substitution is requested during a time-out or during an interval of play other than the half-time interval, the substitute must report to the **timer** before entering the game.

19.3.8. If the free-throw shooter must be substituted because he:

- Is injured, or
- Has committed 5 fouls, or
- Has been disqualified,

the free throw(s) must be attempted by his substitute who may not be substituted again until he has played in the next clock-running phase of the game.

19.3.9. If the request for a substitution is made by either team after the ball is at the disposal of the free-throw shooter for the first free throw, the substitution shall be granted if:

- The last free throw is successful.
- The last free throw, if not successful, is followed by a throw-in.
- A foul is called between free throws. In this case the free throw(s) shall be completed, and the substitution shall be permitted before the new foul penalty is administered, unless otherwise stated in these rules.
- A foul is called before the ball becomes live after the last free throw. In this case the substitution shall be permitted before the new foul penalty is administered.
- A violation is called before the ball becomes live after the last free throw. In this case the substitution shall be permitted before the throw-in is administered.

In the event of consecutive sets of free throws and/or possession of the ball resulting from more than one (1) foul penalty, each set is to be treated separately.

19.3.10. Once the substitution has been completed (player is beckoned into the playing court by **a referee**), the assistant scorer (see Art. 48.5) shall verify that the total points value

of the team requesting the substitution does not exceed the legal limit (see Art. 51.2). If he determines that the 14 point limit rule has been exceeded he shall inform the timer who will, in turn, inform the referee by sounding his signal at the conclusion of the next phase of play if the offending teams opponents are in control of the ball, or immediately, if the offending team is in control of the ball.

Art. 20. Game lost by forfeit

20.1. Rule

A team shall lose the game by forfeit if:

- The team is not present or is unable to field 5 players within the 14-point limit rule ready to play 15 minutes after the game is scheduled to begin.
- Its actions prevent the game from being played.
- It refuses to play after being instructed to do so by the crew chief.

20.2. Penalty

- 20.2.1. The game is awarded to the opponents and the score shall be 20 to 0. Furthermore, the forfeiting team shall receive 0 classification points.
- 20.2.2. For a 2-games (home and away) total points series (aggregate score) and for Play-Offs (best of 3), the team that forfeits in the first, second or third game shall lose the series or Play-Offs by 'forfeit'. This does not apply for Play-Offs (best of 5 and best of 7).
- 20.2.3. If in a tournament the team forfeits for the second time, the team shall be disqualified from the tournament and the results of all games played by this team shall be nullified.

Art. 21. Game lost by default

21.1. Rule

A team shall lose a game by default if, during the game, the team has fewer than 2 players on the playing court ready to play.

21.2. Penalty

- 21.2.1. If the team to which the game is awarded is ahead, the score shall stand as at the time when the game was stopped. If the team to which the game is awarded is not ahead, the score shall be recorded as 2 to 0 in its favour. The defaulting team shall receive 1 classification point.
- 21.2.2. For a 2-game (home and away) total point series (aggregate score), the team that defaults in the first or in the second game shall lose the series by 'default'.

RULE FIVE - VIOLATIONS

Art. 22. Violations

22.1. Definition

A **violation** is an infraction of the rules.

22.2. Penalty

The ball shall be awarded to the opponents for a throw-in from the place nearest to the infraction, except directly behind the backboard, unless otherwise stated in these rules.

Art. 23. Player out-of-bounds and ball out-of-bounds

23.1. Definition

23.1.1. A player is out-of-bounds when any part of his body or any part of his wheelchair is in contact with the floor, or any object other than a player above, on or outside the boundary line.

23.1.2. The ball is out-of-bounds when it touches:

- A player, wheelchair or any other person who is out-of-bounds.
- The floor or any object above, on or outside the boundary line.
- The backboard supports, the back of the backboards or any object above the playing court.

23.2. Rule

23.2.1. The ball is caused to go out-of-bounds by the last player to touch or be touched by the ball before it goes out-of-bounds, even if the ball then goes out-of-bounds by touching something other than a player.

23.2.2. If the ball is out-of-bounds because of touching or being touched by a player who is on or outside the boundary line, this player causes the ball to go out-of-bounds.

23.2.3. If a player(s) move(s) to out-of-bounds or to his backcourt during a held ball, a tap-off situation occurs.

23.2.4. If a player deliberately throws or taps the ball onto an opponent, thus causing it to go out-of-bounds, the ball shall be awarded to the opponents, even though it was last touched by that team.

Art. 24. Dribbling

24.1. Definition

24.1.1. A dribble is the movement of a live ball caused by a player in control of that ball who throws, taps, rolls or bounces the ball on the floor.

24.1.2. **A dribble starts** when a player, having gained control of a live ball on the playing court:

- pushes on his large wheels and dribbles the ball simultaneously, or

24.1.3. Takes one or two pushes on his large wheels while the ball is either resting on his lap, not between his knees, or held in his hand, followed by dribbling the ball. This sequence may be repeated as often as the player wishes, or

- Use both of the above sequences alternately, or
- Throws, taps, rolls, dribbles it on the floor or deliberately throws it against the backboard and touches it again before it touches another player.

24.1.4. A player who accidentally loses and then regains control of a live ball on the playing court is considered to be fumbling the ball.

24.1.5. The following are not dribbles:

- Successive shots for a field goal.
- Fumbling the ball at the beginning or at the end of a dribble.
- Attempts to gain control of the ball by tapping it from the vicinity of other players.
- Tapping the ball from the control of another player.
- Deflecting a pass and gaining control of the ball.
- Tossing the ball from hand to hand and allowing it to come to rest in one or both hands before touching the floor, provided that no travelling violation is committed.
- Throwing the ball against the backboard and regaining the control of the ball.

Art. 25. Travelling (Three pushes)

25.1. Definition

25.1.1. A player may progress with a live ball on the court in any direction within the following limits:

- The number of pushes while holding the ball shall not exceed 2.
- Any pivot movements shall be considered part of the dribble, and are limited to 2 consecutive pushes without dribbling the ball.

25.1.2. Braking a wheel without backward or forward movement of the hand(s) does not constitute a push.

25.2 **An infraction of this article is a violation.**

Art. 26. 3 seconds

26.1. Rule

- 26.1.1. A player shall **not** remain in the opponents' restricted area for more than 3 consecutive seconds while his team is in control of a live ball on the court and the game clock is running.
- 26.1.2. Allowances must be made for a player who:
- Makes an attempt to leave the restricted area.
 - Is in the restricted area when he or his team-mate is in the act of shooting and the ball is leaving or has just left the player's hand(s) on the shot for a field goal.
 - Dribbles in the restricted area to shoot for a field goal after having been there for less than 3 consecutive seconds.
- 26.1.3. To establish himself outside the restricted area, the player must place all wheels of his wheelchair and any anti-tip castor(s), which continuously come into contact with the floor outside the restricted area.

Art. 27. Closely guarded player

27.1. Definition

A player who is holding a live ball on the playing court is closely guarded when an opponent is in an active legal guarding position at a distance of no more than 1 m.

27.2. Rule

A closely guarded player must pass, shoot or dribble the ball within 5 seconds.

Art. 28. 8 seconds

28.1. Rule

28.1.1. Whenever:

- A player in the backcourt gains control of a live ball, or
 - On a throw-in, the ball touches or is legally touched by any player in the backcourt and the team of that player taking the throw-in remains in control of the ball in its backcourt,
- that team must cause the ball to go into its frontcourt within 8 seconds.

28.1.2. The team has caused the ball to go into its frontcourt whenever:

- The ball, not in control of any player, touches the frontcourt.
- The ball touches or is legally touched by an offensive player who has all wheels of his wheelchair and any anti-tip castor(s), which continuously come into contact with the floor completely in contact with his frontcourt.
- The ball touches or is legally touched by a defensive player who has part of his wheelchair in contact with his backcourt.

- The ball touches a referee who has part of his body in the frontcourt of the team in control of the ball.
- During a dribble from the backcourt to the frontcourt, the dribbler has the ball and all wheels of the wheelchair and any anti-tip castor(s), which continuously come into contact with the floor, are in completely contact with the frontcourt.
- The dribbler who has all wheels of the wheelchair and any anti-tip castor(s) completely touching the frontcourt:
 - Allows the ball to come to rest in one or both hands
 - Places the ball on his lap

28.1.3. The 8 second period shall continue with any time remaining when the same team that previously had control of the ball is awarded a throw-in in the backcourt, as a result of:

- A ball having gone out-of-bounds.
- A player of the same team having been injured.
- A technical foul committed by that team.
- A tap-off situation.
- A double foul.
- A cancellation of equal penalties against both teams.

28.1.4. The eight (8) second period will continue with any time remaining when the team that previously had control of the ball deliberately throws or taps the ball onto an opponent in the front court causing it to return to the back court.

Art. 29. 24 seconds

29.1. Rule

29.1.1. Whenever:

- A player gains control of a **live** ball on the **playing court**,
 - On a throw-in, the ball touches the wheelchair or touches or is legally touched by any player on the playing court and the team of that player taking the throw-in remains in control of the ball,
- that team must attempt a shot for a field goal within 24 seconds.

To constitute a shot for a field goal within 24 seconds:

- The ball must leave the player's hand(s) before the shot clock signal sounds, and
- After the ball has left the player's hand(s), the ball must touch the ring or enter the basket.

29.1.2. When a shot for a field goal is attempted near the end of the 24-second period and the shot clock signal sounds while the ball is in the air:

- If the ball enters the basket, no violation has occurred, the signal shall be disregarded and the goal shall count.
- If the ball touches the ring but does not enter the basket, no violation has occurred, the signal shall be disregarded and the game shall continue.
- If the ball misses the ring, a violation has occurred. However, if the opponents gain immediate and clear control of the ball, the signal shall be disregarded and the game shall continue.

When the backboard is equipped with yellow lighting along its perimeter at the top, the lighting takes precedence over the shot clock signal sound.

29.2. Procedure

29.2.1. The shot clock shall be reset whenever the game is stopped by a referee:

- For a foul or violation (not for the ball having gone out-of-bounds) by the team not in control of the ball,
- For any valid reason by the team not in control of the ball,
- For any valid reason not connected with either team,

In these situations, the possession of the ball shall be awarded to the same team that previously had control of the ball. If the throw-in is then administered in that team's:

- Backcourt, the shot clock shall be reset to 24 seconds.
- Frontcourt, the shot clock shall be reset as follows:
 - If 14 seconds or more are displayed on the shot clock at the time when the game was stopped, the shot clock shall not be reset, but shall continue from the time it was stopped.
 - If 13 seconds or less are displayed on the shot clock at the time when the game was stopped, the shot clock shall be reset to 14 seconds.

However, if the game is stopped by a referee for any valid reason not connected with either team and, in the judgement of a referee, the reset of the shot clock would place the opponents at a disadvantage, the shot clock shall continue from the time it was stopped.

29.2.2. The shot clock shall be reset whenever a throw-in is awarded to the opponents' team after the game is stopped by a referee for a foul or violation (including for the ball having gone out-of-bounds) committed **by the team in control of the ball**.

The shot clock shall also be reset if the new offensive team is awarded a throw-in according to the alternating possession procedure.

If the throw-in is then administered in that team's:

- Backcourt, the shot clock shall be reset to a new 24 seconds.
- Frontcourt, the shot clock shall be reset to 14 seconds.

29.2.3. Whenever the game is stopped by a referee for a technical foul committed by the team in control of the ball, the game shall be resumed with a throw-in from the place nearest to where the game was stopped. The shot clock shall not be reset but shall continue from the time it was stopped

29.2.4. When the game clock shows 2:00 minutes or less in the fourth quarter or overtime, following a time-out taken by the team that is entitled to the possession of the ball from its backcourt, the coach of that team has the right to decide whether the game shall be resumed with a throw-in from the throw-in line in the team's frontcourt or from the team's backcourt at the place nearest to where the game was stopped.

After the time-out, the throw-in shall be administered as follows:

- If as a result of the ball having gone out-of-bounds and if it is in the team's:
 - Backcourt, the shot clock shall continue from the time it was stopped.
 - Frontcourt: if the shot clock shows 13 seconds or less it shall continue from the time it was stopped. If the shot clock shows 14 seconds or more, it shall be reset to 14 seconds.
- If as a result of a foul or violation (not for the ball having gone out-of-bounds) and if it is the team's:
 - Backcourt, the shot clock shall be reset to 24 seconds.
 - Frontcourt, the shot clock shall be reset to 14 seconds.
- If the time-out is taken by the team which has a new control of the ball, and if it is in the team's:
 - Backcourt, the shot clock shall be reset to 24 seconds.
 - Frontcourt, the shot clock shall be reset to 14 seconds.

29.2.5. When the team is awarded a throw-in from the throw-in line in the team's frontcourt as part of the penalty for an unsportsmanlike or disqualifying foul, the shot clock shall be reset to 14 seconds.

29.2.6. After the ball has touched the ring of the opponent's basket, the shot clock shall be reset to:

- 24 seconds, if the opponents' team gains control of the ball.
- 14 seconds, if the team which regains control of the ball is the same team that was in control of the ball before the ball touched the ring.

29.2.7. If the shot clock signal **sounds in error** while a team has control of the ball or neither team has control of the ball, the signal shall be disregarded, and the game shall continue.

However, if in the judgement of a referee, the team in control of the ball has been placed at a disadvantage, the game shall be stopped, the shot clock shall be corrected and the ball shall be awarded to that team.

Art. 30. Ball returned to the backcourt

30.1. Definition

30.1.1. A team is in control of a live ball in its frontcourt when:

- A player of that team is touching his frontcourt with all parts of his wheelchair while holding, catching or dribbling the ball in his frontcourt, or
- The ball is passed between the players of that team in its frontcourt.

30.1.2. A team in control of a live ball in the frontcourt has caused the ball to be illegally returned to its backcourt, if a player of that team is the last to touch the ball in his frontcourt and the ball is then first touched by a player of that team:

- Who has part of his wheelchair or his hand(s) in contact with the backcourt, or
- After the ball has touched the backcourt of that team.

This restriction applies to all situations in a team's frontcourt, including throw-ins. However, it does not apply to a player who establishes new team control as a result of intercepting a pass from his opponents near the centre line, while his hands are off the wheels, and cannot stop his momentum before he returns with the ball into the backcourt.

30.2. Rule

A team which is in control of a live ball in its frontcourt may not cause the ball to be illegally returned to its backcourt.

30.3. Penalty

30.3.1. The ball shall be awarded to the opponents' team for a throw-in in its frontcourt at the place nearest to the infraction except directly behind the backboard.

Art. 31. Lifting

31.1. Definition - Lifting

31.1.1. Lifting is the act of raising the player's buttock's so that both cheeks are no longer in contact with the seating platform of the wheelchair or the cushion where a cushion is used on the wheelchair in order to gain an unfair advantage.

A player shall not lift from the wheelchair to shoot, rebound or pass the ball or attempt to block shot or a pass from an opponent or attempt to secure a pass from a team-mate or during contesting a tap-off at the beginning of the first quarter.

31.1.2. A player shall not cause that all parts of his wheelchair come off the floor while both hands are removed from the rear wheels (jumping).

31.2. Penalty

31.2.1. A **technical foul** shall be charged against the offender.

1 free throw shall be awarded to the opponents, followed by the throw-in administered by the team which had control of the ball or was entitled to the ball when the technical foul was called, from the place nearest to where the ball was located when the game was stopped. If neither team had control of the ball nor was entitled to the ball, a held ball situation occurs.

Except if it was lifting as a result of the attempt to block a shot on a player in the act of shooting.

31.2.2. If the lifting is a result of the attempt to block a shot on a player in the act of shooting, a technical foul shall be charged against the offender and the player in the act of shooting shall be awarded a number of free throw(s) as follows:

- If the shot from the field goal area is successful, the goal shall count and, in addition, 1 free throw shall be given.
- If the shot from the 2-point field goal area is unsuccessful, 2 free throws shall be awarded.
- If the shot from the 3-point field goal area is unsuccessful, 3 free throws shall be awarded.
- If the lifting occurs as, or just before, the game clock signal sounds for the end of the quarter/overtimes or as, or just before, the shot clock signal sounds, while the ball is still in the player's hand(s) and the field goal is successful, the goal shall not count and 2 or 3 free throws will be awarded.

In each of the above four bullet cases, the game will resume by the throw-in administered by the team which had control of the ball or who had just shot the ball, from the place nearest to where the ball was located when the game was stopped.

31.3. A violation shall be charged against the player, when leaning forward to retrieve a ball from the floor and raising his buttock's so that both cheeks are no longer in contact with the seating platform of the wheelchair or the cushion where a cushion is used on the wheelchair.

31.4. Definition - Tilting

Tilting is an action initiated by a player who, with one or two hands removed from the wheels, lifts **one rear wheel with one front castor** off the floor while, shooting, defending, receiving or trying to intercept a pass, rebounding or taking part in the tap-off. Tilting is legal.

RULE SIX - FOULS

Art. 32. Fouls

32.1. Definition

- 32.1.1. A foul is an infraction of the rules concerning illegal personal contact with an opponent or his wheelchair and/or unsportsmanlike behaviour.
- 32.1.2. Any number of fouls may be called against a team. Irrespective of the penalty, each foul shall be charged, entered on the scoresheet against the offender and penalised according to these rules.

Note: The wheelchair is considered to be part of the player

Art. 33. Contact General principles

33.1. Cylinder principle

The cylinder principle is defined as the space within an imaginary cylinder occupied by a player and his wheelchair on the floor. It includes the space above the player and is limited to:

- The **front** by the palms of the hands and the footrest or the horizontal bar at front of the wheelchair,
- The **rear** by the back outside edge of the large wheels, and
- The **sides** by the outside edge of the large wheels where they touch the floor.
- The hands and arms may be extended in front of the torso no further than the position of the footrest or the horizontal bar at the front of the wheelchair, with the arms bent at the elbows so that the forearms and hands are raised. The distance between the large wheels will vary according to the camber of the wheels.

Diagram 6 – Wheelchair Cylinder

33.2. Principle of verticality – The wheelchair cylinder

On the basketball court, each player has the right to the space (cylinder) on court occupied by his wheelchair and his torso when in the upright seated position.

Note: The cylinder is defined as the geometrical shape formed by the player, his wheelchair with all wheels including anti-tip castor(s) in contact with the floor as viewed from above.

This principle protects the space on the floor which his wheelchair occupies and the air space above his torso and his wheelchair.

As soon as the player leaves his vertical position (cylinder) and body or wheelchair contact occurs with an opposing player who had already established his own vertical position (cylinder), the player who left his vertical position (cylinder) is responsible for the contact.

The defender must not be penalized for having his hands and arms extended above him and within his own cylinder.

The offensive player shall not cause contact with a defensive player in a legal guarding position by:

- Using his arms to create additional space for himself (clear-out).
- Spreading his legs or arms to cause contact during or immediately after a shot for a field goal.

33.3. Legal guarding position

A defensive player has established a legal guarding position when:

- He has covered the path of an opponent, or
- He has established a position in the path of an opponent while, at the same time, allowing that opponent time to avoid contact.
- The path of a player is the direction that the player is moving.
- The path of a player is as wide as the parallels drawn from either side of the seat of a wheelchair in the direction that the wheelchair is travelling.

Note: The parallel lines extending from either side of the seat will serve as a practical point of reference for the referee. This definition does not imply that the wheels are not part of the wheelchair or part of the player.

To cover the path of an opponent, a player must position his wheelchair across the opponent's path, with his wheelchair extending from one side of the path across to the other side.

A player may not place his wheelchair between the rear wheels of an opponent's wheelchair

The legal guarding position extends upwards above the player's torso, but within the cylinder formed by the player's body and wheelchair. The player may raise his arms above his head, but he must maintain them in a position inside the imaginary cylinder.

33.4. Guarding a player who controls the ball

A player who stops in the path of a moving opponent must give the opponent time and distance to stop or change direction.

- Slight or incidental contact which disadvantages neither player may be disregarded.
- A player who covers the path of an opponent is considered to have given the opponent time and distance to avoid contact.

The player with the ball, while moving or stationary, must expect to be guarded and must be prepared to stop or change direction whenever an opponent takes a legal guarding position in front of him.

- The guarding (defensive) player must establish a legal guarding position without causing contact prior to taking that position.
- Once a defensive player has established a legal guarding position, he must maintain this position; that is, he may not extend his arms or move his wheelchair illegally to prevent the player with the ball from passing him by.

When Judging a Block/Charge situation a referee shall use the following principles:

- The defensive player must establish an initial legal guarding position by either;
 - Covering the path of the opponent, or
 - Establishing a position in the path of the opponent that allows the opponent time to avoid contact. (See also Art 33.6, 33.7, 33.8).
- The defensive player may remain stationary, or move forwards or backwards to re-establish the guarding position, particularly to cover the path of an opponent who is attempting to move away.
- The defensive player must be on the spot first. If this defensive player has legally covered the path of the opponent, the defensive player is considered to be on the spot first.

IF THE THREE ITEMS ABOVE ARE PRESENT, THEN THE CONTACT IS CAUSED BY THE PLAYER WITH THE BALL.

33.5. Guarding a player who does not control the ball

A player who does not control the ball is entitled to move freely on the playing court and take any position not already occupied by another player.

- In taking up a legal position close to an opponent, a player must occupy the position first.
- The defensive player must be on the spot first. The defensive player is considered to have a legal position if he reaches a spot before an opponent who does not control the ball.

Once a defensive player has taken a legal guarding position, he may not prevent an opponent from passing him by extending his arms into the opponent's path. He may however, in order to prevent injury, turn or place his arms in front of his body, or turn his wheelchair, providing that in turning his chair he does not, in the opinion of the referee, significantly change his position in the path of the opponent.

Once a defensive player has taken a legal guarding position:

- He may remain stationary or move laterally or move away from the opponent in order to maintain his legal position in relation to the opponent.
- He may move towards his opponent; however, if contact occurs, he is responsible.

A defender who is stationary within a chair length of the braking area of a moving opponent who does not control the ball, and who then moves into the braking area of that opponent, must allow the opponent time and distance to avoid contact.

33.6. Crossing the path

Crossing the path occurs when one of two opponents, travelling either parallel (in the same direction) or on converging paths, changes direction and turns across into the path of the opponent.

A moving player with or without the ball may legally cross into the path of an opponent under the following conditions:

- The axle of the rear wheel of the player crossing the path can be seen in advance of the most forward part of the opponent's wheelchair, that is either the footrests or, in case of a chair with a forward projection located in front of the wheelchair, in front of the most forward point of that projection.
- The player who cross the path must allow the opponent time and distance to avoid contact.

If a player legally crosses the path of an opponent, then the opponent is responsible for contact.

Illegal crossing the path is personal contact that takes place when a player, with or without the ball, changes direction and attempts to cross into the path of an opponent without allowing that opponent time to stop or change direction.

33.7. The elements of time and distance

Coming to an immediate stop with a wheelchair is impossible.

Moving players who stop ahead of an opponent must allow sufficient distance between the wheelchairs in order to give the opponent the opportunity to brake or to change direction without causing severe contact.

Slight contact can be regarded as incidental if a player tries **to brake or to change the direction** of his wheelchair.

The distance needed by a player to stop is directly proportional to the speed of his wheelchair.

33.8. Screening: Legal and illegal

Screening is an attempt to delay or prevent an opponent without the ball from reaching a desired position on the playing court.

LEGAL screening takes place when the player who is screening an opponent:

- **Is Stationary** (inside his cylinder) when contact occurs.
- Has established a legal position on the floor.
- If the screen is set **within** the field of vision of a stationary opponent (front or lateral), the screener may establish the screen as close to him as he wishes, providing there is no contact.
- If the screen is set **outside** the field of vision of a stationary opponent (frontal or lateral), the screener may establish the screen as close to him, short of contact, as he desires
- If the opponent is **in motion**, the elements of time and distance shall apply. The screener must either cover the path of the player who is being screened or leave enough space so that the player who is being screened is able to avoid the screen by stopping or changing direction.
- A player who is legally screened is responsible for any contact with the player who has set the screen.

ILLEGAL screening takes place when the player who is screening an opponent:

- Was **moving** when contact occurred.
- Did not respect the elements of time and distance of an opponent **in motion** when contact occurred.
- Failed to cover the path of the opponent.

33.9. Charging

Charging is illegal personal contact, with or without the ball, by pushing or moving into an opposing player's wheelchair.

33.10. Blocking

Blocking is illegal personal contact which impedes the progress of an opponent with or without the ball.

A player who is attempting to screen is committing a blocking foul if contact occurs when he is moving and his opponent is stationary or retreating from him.

If a player disregards the ball, faces an opponent and shifts his position as the opponent shifts, he is primarily responsible for any contact that occurs, unless other factors are involved.

The expression 'unless other factors are involved' refers to deliberate pushing, charging or holding of the player who is being screened.

It is legal for a player to extend his arm(s) or elbow(s) outside of his cylinder in taking position on the floor but they must be moved inside his cylinder when an opponent attempts to go by. If the arm(s) or elbow(s) are outside his cylinder and contact occurs, it is blocking or holding.

33.11. Contacting an opponent with the hand(s) and/or arm(s)

The touching of an opponent with the hand(s) is, in itself, not necessarily a foul.

The referees shall decide whether the player who caused the contact has gained an unfair advantage. If contact caused by a player in any way restricts the freedom of movement of an opponent, such contact is a foul.

Illegal use of the hand(s) or extended arm(s) occurs when the defensive player is in a guarding position and his hand(s) or arm(s) is placed upon and remains in contact with an opponent with or without the ball, to impede his progress.

To repeatedly touch or 'jab' an opponent with or without the ball is a foul, as it may lead to rough play.

It is a foul by an **offensive player with the ball** to:

- 'Hook' or wrap an arm or an elbow around a defensive player in order to obtain an unfair advantage.
- 'Push off' to prevent the defensive player from playing or attempting to play the ball, or to create more space between himself and the defensive player.
- Use an extended forearm or hand, while dribbling, to prevent an opponent from gaining control of the ball.

It is a foul by an **offensive player without the ball** to 'push off' to:

- Get free to catch the ball.
- Prevent the defensive player from playing or attempting to play the ball.

- Create more space for him.

33.12. Illegal guarding from the rear

Illegal guarding from the rear is personal contact with an opponent or his wheelchair, by a defensive player, from behind. The fact that the defensive player is attempting to play the ball does not justify his contact with an opponent or his wheelchair from the rear.

33.13. Holding

Holding is illegal personal contact with an opponent that interferes with his freedom of movement or that of his wheelchair. This contact (holding) can occur with any part of the body or the wheelchair.

33.14. Pushing

Pushing is illegal personal contact with any part of the body or the wheelchair in which a player forcibly moves or attempts to move an opponent with or without control of the ball.

33.15. Fake being fouled

Fake is any action by a player to simulate that he has been fouled or to make theatrical exaggerated movements in order to create an opinion of being fouled and therefore gaining an advantage.

Art. 34. Personal foul

34.1. Definition

34.1.1. A personal foul is a player's illegal contact with an opponent (which includes his wheelchair), whether the ball is live or dead.

A player shall not hold, block, push, charge, trip or impede the progress of an opponent by extending his hand, arm, elbow, shoulder nor by bending his body into an 'abnormal' position (outside his cylinder), nor shall he indulge in any rough or violent play.

34.2. Penalty

A personal foul shall be charged against the offender.

34.2.1. If the foul is committed on a player not in the act of shooting:

- The game shall be resumed with a throw-in by the non-offending team at the place nearest to the infraction.
- If the offending team is in the team foul penalty situation, then Art. 41 shall apply.

34.2.2. If the foul is committed on a player in the act of shooting, that player shall be awarded a number of free throws as follows:

- If the shot released from the field goal area is successful, the goal shall count and, in addition, 1 free throw.
- If the shot released from the 2-point field goal area is unsuccessful, 2 free throws.
- If the shot released from the 3-point field goal area is unsuccessful, 3 free throws.
- If the player is fouled as, or just before, the game clock signal sounds for the end of the quarter or overtime as, or just before, the shot clock signal sounds, while the ball is still in the player's hand(s) and the field goal is successful, the goal shall not count and 2 or 3 free throws shall be awarded.

Art. 35. Double foul

35.1. Definition

35.1.1. A double foul is a situation in which 2 opponents commit personal or unsportsmanlike/disqualifying fouls against each other at approximately the same time.

35.1.2. To consider 2 fouls as a double foul the following conditions must apply:

- Both fouls are player fouls.
- Both fouls involve physical contact.
- Both fouls are between the same 2 opponents fouling each other.
- Both fouls are either 2 personal or any combination of unsportsmanlike and disqualifying fouls.

35.2. Penalty

A personal or unsportsmanlike/disqualifying foul shall be charged against each offender. No free throws shall be awarded and the game shall be resumed as follows: If at approximately the same time as the double foul

- A valid field goal, or a last free throw is scored, the ball shall be awarded to the non-scoring team for a throw-in from any place behind that team's endline.
- A team had control of the ball or was entitled to the ball, the ball shall be awarded to this team for a throw-in from the place nearest to the infraction.
- Neither team had control of the ball nor was entitled to the ball, a tap-off situation occurs.

Art. 36. Technical foul**36.1. Rules of conduct**

- 36.1.1. The proper conduct of the game demands the full and loyal cooperation of the players, coaches, assistant coaches, substitutes, excluded players and accompanying delegation members with the referees, table officials and game commissioner, if present.
- 36.1.2. Each team shall do its best to secure victory, but this must be done in the spirit of sportsmanship and fair play.
- 36.1.3. Any deliberate or repeated non-cooperation or non-compliance with the spirit and intent of this rule shall be considered as a technical foul.
- 36.1.4. The referee may prevent technical fouls by giving warnings or even overlooking minor infractions which are obviously unintentional and have no direct effect upon the game, unless there is repetition of the same infraction after the warning.
- 36.1.5. If an infraction is recognised after the ball becomes live, the game shall be stopped and a technical foul charged. The penalty shall be administered as if the technical foul had occurred at the time it is charged. Whatever occurred during the interval between the infraction and the game being stopped shall remain valid.

36.2. Definition

- 36.2.1. A technical foul is a player non-contact foul of a behavioural nature including, but not limited to:
- Disregarding warnings by referees.
 - Disrespectfully dealing and/or communicating with the referees, the commissioner, the table officials, the opponents or persons permitted to sit on the team benches.

- Disrespectfully communicating with the referees, the game commissioner if present, the table officials or the opponents.
 - Using language or gestures likely to offend or incite the spectators.
 - Baiting and taunting an opponent.
 - Obstructing the vision of an opponent by waving/placing his hand(s) near his eyes.
 - Excessive swinging of elbows.
 - Delaying the game by deliberately touching the ball after it passes through the basket or by preventing a throw-in from being taken promptly.
 - Fake being fouled.
 - Leaving the court for any unauthorized reason.
 - Taking his feet off the foot rests to gain an unfair advantage.
 - Using any part of the lower limb(s) to gain an unfair advantage or to steer the wheelchair.
 - Lifting
- 36.2.2. A technical foul by any person permitted to sit on the team bench is a foul for disrespectfully communicating with or touching the referees, the game commissioner if present, the table officials or the opponents, or an infraction of a procedural or an administrative nature.
- 36.2.3. A player shall be disqualified for the remainder of the game when he is charged with 2 technical fouls, or 2 unsportsmanlike fouls, or with 1 unsportsmanlike foul and 1 technical foul.
- 36.2.4. A coach shall be disqualified for the remainder of the game when:
- He is charged with 2 technical fouls ('C') as a result of his personal unsportsmanlike behaviour.
 - He is charged with 3 technical fouls, either all of them ('B') or one of them ('C'), as a result the unsportsmanlike behaviour of other persons permitted to sit on the team bench.
- 36.2.5. If a player or coach is disqualified under Art. 36.2.3 or Art 36.2.4 that technical foul shall be the only foul to be penalised and no additional penalty for the disqualification shall be administered.

- 36.2.6. A Technical foul may also occur as the result of a request by a coach to have a chair check made on a player of the opposing team. If the crew chief determines that the chair is illegal the player will be disqualified in accordance with Article 38.1.3. If the crew chief determines that the chair is legal the coach requesting the chair check shall be assessed a technical foul (“C”).

36.3. Penalty

36.3.1 If a technical foul is committed:

- By a player, a technical foul shall be charged against him as a player foul and shall count as one of the team fouls.
- By any person permitted to sit on the team bench, a technical foul shall be charged against the coach and shall not count as one of the team fouls.

36.3.2 The opponents shall be awarded 1 free throw. The game shall be resumed as follows:

- The free throw shall be administered immediately. After the free throw, the throw-in shall be administered by the team which had control of the ball or was entitled to the ball when the technical foul was called, from the place nearest to where the ball was located when the game was stopped.

- Starting the game clock when:
 - During a tap-off, the ball is legally tapped by a player involved in the tap-off.

 - During a throw-in, the ball touches or is legally touched by a player on the playing court.

Art. 50. Shot clock operator: Duties

The shot clock operator shall be provided with a shot clock which shall be:

- 50.1. **Started or restarted** when:
- On the playing court, a team gains control of a live ball. After that, the mere touching of the ball by an opponent does not start a new shot clock period if the same team remains in control of the ball.
 - On a throw-in, the ball touches or is legally touched by any player on the playing court.
- 50.2. **Stopped, but not reset**, with the remaining time visible, when the same team that previously had control of the ball is awarded a throw-in as a result of:
- A ball having gone out-of-bounds.
 - A player of the same team having been injured.
 - A technical foul committed by the team.
 - A tap-off situation.
 - A double foul.
 - A cancellation of equal penalties against both teams.
- Stopped, but also not reset, with the remaining time visible, when the same team that previously had control of the ball is awarded a frontcourt throw-in and 14 or more seconds are displayed on the shot clock as a result of a foul or violation.
- 50.3. **Stopped and reset to 24 seconds**, with no display visible, when:
- The ball legally enters the basket.

- The ball touches the ring of the opponent's basket and it is controlled by the team that was not in control of the ball before it has touched the ring.
- The team is awarded a backcourt throw-in:
 - As the result of a foul or violation (not for the ball having gone out-of-bounds).
 - As the result of a held-ball situation for the team not previously in control of the ball.
 - The game is stopped because of an action not connected with the team in control of the ball.
 - The game is stopped because of an action not connected with either team, unless the opponents would be placed at a disadvantage.
- The team is awarded free throw(s).
- The infraction of the rules is committed by the team in control of the ball.

50.4. **Stopped and reset to 14 seconds**, with 14 seconds visible, when:

- The same team that previously had control of the ball is awarded a frontcourt throw-in and 13 seconds or less are displayed on the shot clock:
 - As the result of a foul or violation (not for the ball having gone out-of-bounds).
 - The game being stopped because of an action not connected with the team in control of the ball.
 - The game being stopped because of an action not connected with either team, unless the opponents would be placed at a disadvantage.
- The team that previously did not have the control of the ball shall be awarded a frontcourt throw-in as a result of a:
 - Personal foul or violation (including for the ball having gone out-of-bounds),
 - Held ball situation.
- A team shall be awarded a throw-in from the throw-in line in its frontcourt as a result of an unsportsmanlike or disqualifying foul
- After the ball has touched the ring on an unsuccessful shot for a field goal (including when the ball lodges between the ring and the backboard), an unsuccessful last free throw, or on a pass, if the team which regains control of the ball is the same team that was in control of the ball before the ball touched the ring.
- The game clock shows 2:00 minutes or less in the fourth quarter or in each over-time following a time-out taken by the team that is entitled to the possession of the ball from its backcourt and the coach decides that the game shall be resumed with a throw-in for his team from the throw-in line in the team's frontcourt and 14 seconds or more are displayed on the shot clock at the time when the game clock was stopped.

- 50.5. **Switched off**, after the ball becomes dead and the game clock has been stopped in any quarter or overtime when there is a new control of the ball for either team and there are fewer than 14 seconds on the game clock.

The shot clock signal does not stop the game clock or the game, nor causes the ball to become dead, unless a team is in a control of the ball.

RULE NINE - PLAYER CLASSIFICATION SYSTEM

Art. 51. Player Classification Points System

51.1. Definition

51.1.1. In order to play in a Main Official Competition of IWBF each player must be in possession of an Official Player Classification ID card issued by the Player Classification Commission of IWBF. Player Classification ID cards may be issued at a referee tournament by the Player Classification Panel appointed by IWBF based on the observations of the classifiers in accordance with the principles contained in the Official Player Classification Handbook. This ID card contains among other things the point value the player has been assigned. Under the Regulations for Player Classification this point value can change during the tournament up until the Play-off round. It is the responsibility of the Commissioner, if present, at the scorer's table to determine the validity of the ID card and correct point value assigned to the player.

The valid player classifications in the IWBF are 1.0, 1.5, 2.0, 2.5, 3.0, 3.5, 4.0 and 4.5.

51.2. At no time in a game shall a team have players participating whose total points value exceed the 14-point limit.

Note: This total shall apply to the official competitions of IWBF as listed here. Variations in the points total may apply in other competitions.

- The main official competitions of IWBF:
- The World Championship for Men.
- The World Championship for Women.
- The Paralympic Tournaments for Men and Women.
- The World Championship for U23 Men.
- The World Championship for U25 Women.
- The Qualification tournaments for the World Championships for men, women, U25 women & U23 men.

51.3. Penalty

If, at any time during a game, a team exceeds the 14-point limit, a technical foul will be charged to the coach with a correction in the line-up to be made at the same time.

- The Paralympic Qualifying Tournaments for Men and Women.

A. REFEREES' SIGNALS

- A.1. The hand signals illustrated in these rules are the only valid referees' signals.
- A.2. While reporting to the scorer's table it is strongly recommended to verbally support the communication (in international games in the English language).
- A.3. It is important that the table officials are familiar with these signals.

C. PROTEST PROCEDURE

If, during a IWBF official competition, a team believes its interests have been adversely affected by a decision of a referee [referee or umpire(s)] or by any event that took place during a game, it must proceed in the following manner:

- C.1. A team may file a protest if its interests have been adversely affected by
- An error in scorekeeping, timekeeping or shot clock operations, which was not corrected by the referees.
 - A decision to forfeit, cancel, postpone, not resume or not play the game.
 - A violation of the applicable eligibility rules.
- C.2. In order to be admissible, a protest shall comply with the following procedure:
- The captain (CAP) of that team shall, no later than 15 minutes following the end of the game, inform the crew chief that his team is protesting the result of the game and sign the scoresheet in the 'Captain's signature in case of protest' column.
 - The team shall submit the protest reason to the crew chief in writing no later than 1 hour following the end of the game.
 - A fee of USD 250,00 shall be applied to each protest and shall be paid in case the protest is rejected.
- C.3. The crew chief (or commissioner, if present) shall, following receipt of the protest reasons, report in writing the incident which leads to the protest, to the IWBF representative or to the competent body.
- C.4. The competent body shall issue any procedural requests which it deems appropriate and shall decide on the protest as soon as possible, and in any event no later than 24 hours following the end of the game. The competent body shall use any reliable evidence and can take any appropriate decision, including without limitation partial or full replay of the game. The competent body may not decide to change the result of the game unless there is clear and conclusive evidence that, had it not been for the error that gave rise to the protest, the new result would have certainly materialised.
- C.5. The decision of the competent body is also considered as a field of play rule decision and is not subject to further review or appeal. Exceptionally, decisions on eligibility may be appealed as provided for in the applicable regulations.
- C.6. Special rules for IWBF competitions or competitions which do not provide otherwise in their regulations:
In case the competition is in tournament format, the competent body for all protests shall be the Tournament Technical Committee (see IWBF Internal Regulations).

In case of home and away games, the competent body for protests relating to eligibility issues shall be the IWBF CLME. For all other issues giving rise to a protest, the competent body shall be IWBF acting through one or more persons with expertise on the implementation and interpretation of the Official Basketball Rules (see IWBF Internal Regulations).

E.2.2 The first time-out in each quarter (team or Media) shall be 60, 75, 90 or 100 seconds in duration.

E.2.3 The duration of all other time-outs in a quarter shall be 60 seconds.

E.2.4 Both teams shall be entitled to 2 time-outs during the first half and 3 time-outs during the second half.

These time-outs may be requested at any time during the game and their duration may be:

- If considered to be a Media time-out 60, 75, 90 or 100 seconds, i.e. the first in a quarter, or
- If not considered to be a Media time-out 60 seconds, i.e. requested by either team, after the Media time-out has been granted.

E.3 Procedure

E.3.1 Ideally, the Media time-out shall be taken before the 5 minutes remaining in the quarter. However, there is **no** guarantee that this shall be the case.

E.3.2 If neither team has requested a time-out before the 5 minutes remaining in the quarter then a Media time-out shall be granted at the first opportunity when the ball becomes dead and the game clock is stopped. This time-out shall not be charged against either team.

E.3.3 If either team is granted a time-out before the 5 minutes remaining in the quarter, that time-out shall be used as a Media time-out.

This time-out shall count as both a Media time-out and a time-out for the team requesting it.

E.3.4 According to this procedure, there would be a minimum of 1 time-out in each quarter and a maximum of 6 time-outs in the first half and a maximum of 8 time-outs in the second half.

F. INSTANT REPLAY SYSTEM

F.1. Definition

The Instant Replay System (IRS) review is the working method used by the referees to verify their decisions by watching the game situations on the screen of the approved video technology.

F.2 Procedure

F.2.1 The referees are authorised to use the IRS until they sign the scoresheet after the game, within the limits provided in this Appendix.

F.2.2 For the use of the IRS the following procedure shall apply:

- The crew chief shall approve the IRS equipment before the game, if available.
- The crew chief makes the decision whether the IRS review shall be used or not.
- If a decision of the referees is subject to the IRS review, the initial decision must be shown by the referees on the playing court.
- After gathering all information from the other referees, table officials, commissioner, the review shall start as fast as possible.
- The crew chief and minimum 1 umpire (who made the call) shall take part at the review. If the crew chief made the call, he shall choose one of the umpire to accompany him for the review.
- During the IRS review the crew chief shall ensure that no unauthorised persons have access to the IRS monitor.
- The review shall take place before the time-outs or substitutions are administered and before the game is resumed.
- After the review the referee who made the call shall report the final decision and the game shall be resumed accordingly.
- The initial decision of the referee(s) can be corrected only if the IRS review provides the referees with clear and conclusive visual evidence for the correction.
- After the crew chief has signed the scoresheet, an IRS review can no longer be performed.
- referees are authorised to use the IRS until they sign the scoresheet after the game.

F.3 Rule

The following game situations may be reviewed:

F.3.1

At the end of the quarter or overtime,

- whether a shot for a successful field goal was released before the game clock signal sounded for the end of the quarter or overtime.
- whether and how much time shall be displayed on the game clock, if:
 - An out-of-bounds violation of the shooter occurred.
 - A shot clock violation occurred.
 - An 8-second violation occurred.
 - A foul was committed before the end of the quarter or overtime.

F.3.2

When the game clock shows 2:00 minutes or less in the fourth quarter and in each overtime,

- whether a shot for a successful field goal was released before the shot clock signal sounded.
- whether a foul away from the shooting situation was committed. In this case
 - whether the game or shot clock has expired,
 - whether the act of shooting has started,
 - whether the ball was still in the hand(s) of the shooter.
- to identify the player who has caused the ball to go out-of-bounds.

F.3.3

During any time of the game,

- whether the successful field goal shall count for 2 or 3 points.
- whether 2 or 3 free throws shall be awarded, after a foul was called on a shooter for an unsuccessful field goal
- whether a personal, unsportsmanlike or disqualifying foul met the criteria for such a foul or shall be upgraded or downgraded or shall be considered as a technical foul
- after a malfunction of the game clock or the shot clock occurs, on how much time the clock(s) shall be corrected.
- to identify the correct free-throw shooter.
- to identify the involvement of team members, head coaches, first assistant coaches and accompanying delegation members during any act of violence.
